

AWAKEN

excited about the future that you see possible?

The AWAKEN TRAINING is designed to create value and movement towards any vision you have for your life: personal, career, and relational. It is an opportunity to notice the “blind spots” in your perception of yourself, others, circumstances and how those “blind spots” impair your vision.

Thousands of people all over the U.S. and abroad have experienced GAP community trainings, and most say it is one of the top three most valuable experiences of their life.

RESULTS TO EXPECT

Realizing new levels of freedom to speak up, share yourself and enjoy the gift that you are

Overcoming bitterness and other relational blocks

The ability to open possibility and access resource in areas of conflict

Looking at the impact you have on others versus your intentions

Experiencing and examining the difference between forgiving someone and excusing them and between apologizing and asking for forgiveness.

Gaining tools and resourceful ways of receiving and taking a neutral look at feedback from others
